

Geography Bee

Grace Christian School students participated in the ACSI district Geography Bee. Our district's bee was held at Seeds of Faith Christian Academy in Indiana, Pennsylvania on January 22nd. Mr. Blakney and 6 GCS students, representing 3rd – 5th grade, attended this event along with parent volunteers and spectators. The day began with welcoming and praise and worship time. Following the praise and worship of Our Creator, the students went to their individual grade bees and were asked questions on geographic terms, places, names, and Biblical areas, etc. Their hard work paid off and each of the students did very well. After a lunch break the top 10 students in grades 6th, 7th and 8th participated in the final round of the district bee. The winners of that round will advance to the regional geography bee.
